HYSAWA

Terms of Reference (ToR) for
Supplying, installation & long term operation of RO Water Purification Technology.

Ref: HYSAWA-SDC/501E/2018/01 Date: 12 June 2018

The HYSAWA (Hygiene Sanitation and Water Supply) has been established and registered as an autonomous financial institution under the Companies Act, 1994. HYSAWA, upon receiving formal proposals and/or applications from eligible Local Government Institutions (LGIs) particularly from Union Parishads and subject to certain conditions, provides grants to these LGIs to implement locally developed and community-based hygiene, sanitation and safe water supply service programmes.

Bangladesh has a difficult coastline with many rivers and distributaries, which is frequently affected by natural hazards like cyclones, coastal flooding and tidal surges that often negatively affects sources of safe water supply. Apart from that, safe drinking water scarcity is also induced by other factors such as intrusion of saline water, water logging and absence of fresh water aquifers. Such is the case in different unions under Khulna, Bagerhat, Satkhira, Jessore and Cox’s Bazar districts where shallow well discharges water with high saline, arsenic and iron. There are no such ponds from which water can be treated and supplied for drinking and cooking. Now, the only option left is desalination technology, generally the sophisticated Reverse Osmosis (RO). This system can be designed/customized based on quality of raw water and daily production requirement.

HYSAWA has received grant from Swiss Agency for Development Cooperation (SDC) and Danish Internation Development Agency (Danida) and intends to apply a part of the proceeds of the grant for the payments of Supplying, installation & long term operation of RO Water Purification Technology. This project will benefit rural people by improving local governance and ensuring better access to effective, accountable, inclusive and sustainable local public WASH services.

HYSAWA now invites Expression of Interest (EOI) from eligible suppliers or manufacturers of RO to indicate their interests in supplying, installation and operation of RO in some selected unions. Interested suppliers or manufacturer(s) should provide information indicating that they have the required qualifications and relevant experience to perform the services. The short-listing criteria are:

a) General experience of the suppliers or manufacturers(s); b) Experience in similar projects of compatible size, complexity and technical specialty in the required area; c) Financial Soundness of the firm; and d) Staffing and logistics of the firm.

Suppliers or manufacturers are requested to submit the following supporting documents against the above mentioned criteria: (i) Registration paper, VAT/TIN registration; (ii) JV agreement/letter of intent (if applicable); (iii) suppliers or manufacturer’s brochure; (iv) Audited financial reports for last three years; (v) Service experience record (including nature, total cost, total input in terms of Man month, employer, location of service etc.). Information provided by the suppliers or manufacturers will be verified with the appropriate authorities, where applicable. Suppliers or manufacturers will be short-listed in accordance with HYSAWA procurement policy.
Other terms and conditions:

(a) Suppliers/Manufacturers should be interested to work with union parishad under their contract, and they also be interested to operate and maintain this unit at least 5 (Five) years after installation.

(b) The supplier and his local representative should have trained manpower with proven Technical expertise and credentials for operation and will be given preference during the evaluation. We required a firm with commitment. Only dealers / middlemen will be disqualified.

(c) The bidder should be either manufacturer or authorized local representative in Bangladesh.

Two (2) sets of EoIs must be delivered in sealed envelope to the address below by 03 July 2018 within 17:00 hours. The covering envelope (sealed) should be marked as “Request for Expression of Interest for short listing of suppliers or manufacturers for --- (name of the package)”. All evidences in support of the statements made in the Application Form should also be attached for verification.

The interested suppliers or manufacturers may obtain further information about HYSAWA from www.hysawa.org. EoIs received after the deadline will not be considered. The Procuring Authority reserves the right to accept or reject any or all EoIs received without assigning any reason whatsoever. Execution of this task is completely subject to availability of fund from the donor. Only short listed suppliers or manufacturers will be requested to submit their technical and financial proposals.

Managing Director,
HYSAWA
